CHIEF'S REPORT

Anniversaries:

FF Rich Camp - 32 years, and FF Matt Drew - 8 years.

Financial: EMS revenue is 51.9% of yearly projection while tax revenue is 60.8% of budgeted collection YTD.

Staffing: Continues to be fairly stable with the exception of weekends which is typical. Vacation season is upon us and that typically creates some holes in the schedule that result in overtime.

Part time interviews were conducted (4) with one (1) additional interview scheduled this week. This is to replace the spots recently vacated.

Volume: The District responded to 293 calls for service in May. On pace for 3770 calls in 2024 (3720 in 2023).

Inspections: Remain on-going; see report in your folder.

Vehicles:

The old engine, 2113 has been returned from the engine rebuild. It still needs a couple of minor parts (valve) that have been ordered but it has been put back in service.

The 2010 chase vehicle (#2110) was sold on GovDeals for \$5,876.00

MFD #2122 (new squad) hit a deer in the early morning of May 27th. It is currently at Pike's Carstar and a VFIS claim was submitted and approved (estimated repairs \$6,400).

Buildings: St. #2 HVAC installation is complete and is working as it should. While JTA was here, they replaced a thermostat and provided a thorough cleaning and minor repairs at Station #3. Chief Meister will look into getting a service contract again soon.

Station #3 had a leaking roof pipe/boot so Captain Henry took crews up there and the issues were addressed. They made a ladder drill out of the project.

General landscaping and cleanup is being completed at both stations. Thank you to A Shift who moved 11 tons of rock with the little tractor and by hand! Station #3 had the parking lot lines repainted by Madison Village road crew - many thanks to them for their assistance!

Other: MFD participated in the Auburn Career Center's Job Fair on June 10th to assist with recruitment efforts. Many thanks to those involved for their creative work!

Crews also attended Pet The Trucks at the Madison Public Library on May 30th along with other public services. Fun was had by all who attended.

Ropes, drone, vehicle extrication and jet ski training have all been done this month.

Revision of the MFD SOPs continues.

Chief Meister shared with all the NDS summary and stated he received positive feedback from District members.

The District had an unannounced visit from the OH State Board of Pharmacy. The last visit to MFD was in 2006. There were no violations and the final report was included in the Board folders for review.

There is an abundance of construction as well as multiple train track closures happening in the District. Chief Meister thanked all the members for their patience and attention to safety while navigating all of them.

ARPA Wellness Grant: The CISM trainer class was completed with three (3) MFD members attending. They can now assist with staff in crisis situations and point them to meaningful interventions. Sadly, suicide is very prevalent in our profession (approx. 100/year). All required paperwork will be submitted to EMA in order to receive reimbursement from our awarded grant.

CLOSING PUBLIC PORTION - None.
